Medical Instructions

Everyone included in your application must undergo a medical examination, whether accompanying you to Canada or not. Instructions for medical examinations will be forwarded to you after your application has been received.

You should note that medical examinations are undertaken entirely at your own risk and expense. The completion of the medical examination in no way guarantees that permanent residence visas will be issued to you and your family members. Should you be refused a visa, the cost of the medical examination will not be refunded.

If your application for immigration to Canada is successful, your permanent residence visa will be valid for 12 months from the date you began the medical examination. If you have family members living or studying overseas, they will also need to complete a medical examination before a visa can be issued.
